

Leaders Share Their Inspirations

The Leadership and Development (L&D) Section Council recently held a Leadership Inspiration Contest. We asked you to tell us in 250-500 words what inspires you to be a better actuarial leader around several categories: an inspiring leadership quote, book, admirable leader, or defining moment in your actuarial career.

A big thanks to all of those who entered! The winners have been selected and will be featured in *The Stepping Stone*, in our LeaD e-newsletter and on the L&D Section web page. These articles will serve our membership as a resource for leadership experiences, advice, and success stories that will inspire others.
