

e-Learning Modules - Requirements for Fellowship

Effective July 1, 2010

All candidates pursuing fellowship with the Society of Actuaries (SOA) are required to complete a total of three FSA-level e-Learning modules plus the Decision Making and Communication (DMAC) module. This is in addition to the Fundamentals of Actuarial Practice (FAP) e-Learning requirements already required for Associateship.

FSA Module Requirements by Track

(note, the Operational Risk Module was called Expanded Operational Risk in earlier Drafts)
