Senior Product Actuary
Tata Consultancy Services
Cedar Rapids, IA

Professional Background

I am a Product Actuary with Tata Consultancy Service. With 30+ years' experience in the actuarial profession including Life Insurers large and small, Consulting, Software and Third-Party Administration, I have experience in product development, financial reporting, product implementation and actuarial transformation. My experience with software development life cycle, data and systems has often placed me as an Actuarial Liaison to Technology Departments.

Society of Actuaries Experience (Section and committee memberships and participation)

- Technology Section Council (2004-2007)
- Taxation Section Council (2020-2023) Vice Chair (2022) and Chair (2023)
- Member of the following sections: Financial Reporting, Joint Risk Management, Management & Personal Development, Modeling, Product Development, Taxation, Technology
- Developed five Annual or Major SOA Meeting presentations with a panel of presenters.

Other Relevant Volunteer Experience

- Co-Chair, Acord Product Profile for Life Insurance Standards Workgroup
- American Youth Soccer Organization – Coach Instructor and Board Member

Why are you interested in leading this section?

I am running for a seat in the Taxation Section Council to help section members and SOA members build and maintain product tax knowledge through the newsletter, workshops, podcasts and meetings. I want to help the section continue the great work it has been doing and organize the strong Tax Knowledge for future access.
